

SIERRAS OF EVERGREEN CONDOMINIUM

15 Everstone Dr SW Calgary, Alberta

After concerns over rising energy and maintenance costs, Sierras of Evergreen condominium sought out Calgary Lighting Products to help them find a more efficient lighting solution.

Calgary Lighting Products came up with a customized solution to replace 705 CFL fixtures with 181 LED fixtures. Our lighting solution provided the building with an immediate 60% reduction in energy consumption, without sacrificing light levels. Residents also felt an increased level of safety in areas such as the corridors and parking garage with the added brightness our lighting solution provided.
